Land Revenue- postponements of kists - Hospet and Bayadrug Taluks-report submitted.

The collection of land revenue kist has commenced in this month in the taluks of Bayadrug and Hospet, and the Tahsildars of these taluks have recommended the suspension of kists in 42 villages of Bayadrug Taluk and 11 villages of Hospet taluk. As there was insufficient time to obtain the orders of the Board, I issued formal orders postponing the collections of January kist * till March next. I request that my action may be approved. A detailed report under R.C.O. 14 will be submitted as soon as reports from the Revenue Divisional Officers are received.

I ascertain that in view of the present famine conditions the collection of the Government cist for the current fas and the Thakavi loans has been suspended for about three months in all the villages in the Bellary Taluk except the following:-

(i) Byradevanahalli.
(ii) Byla Chinta.
(iii) Kuntanahal.
(iv) Lingadevanahalli.
(v) Dasara Nagenahalli.
(vi) Golla Nagenahalli.
(vii) Sidiginamala.
(viii) Thambrahalli.
(ix) Y a l i p i.
(x) Kammarachedu.

The reasons for the differentiation seems to be that the outturn for the year of the dry crops in the said villages has been according to the calculations of the Revenue Subordinate more than 4 annas.

The postponement has been ordered in villages wherein the outturn is less than 4 annas: and refused in villages where it has been more. I gather from the official statistics that the outturn even in the ten villages mentioned above has been certainly less than 6 annas, in other words less than one-half of the ordinary yield, assuming the ordinary yield to be 12 annas. The Revenue Divisional Officer, Bellary, seems to have based hi recommendations on some obsolete orders of a former Collector - and they are opposed to the express provisions in the Board's Standing Orders. The B.S.O.No.14, paragraph 5(ii) printed on the page 25 of the B.S.O is explicit on the point and lays down 'no relief will be granted in respect of tracts in which the average yield is one half of the ordinary yield or more. When it is less, remission will ordinarily granted in the following - - scale' etc.,; if remission could be granted in the circumstances suspension could be much more so granted in the same;

All the conditions prescribed in B.S.O.(14) para(2) have been satisfied in the present case. I request therefore you will be kind enough to order the immediate

Sir,

Assessment- Suspension-Bellary Taluk- Petition of Mr. M. Siva Rao, L.A.C.,- Board's Ref. No. 39 H-/27-4 dated 11-2-27 N 9 supra

Enclosures: Letter of Mr Siva Rao.

Spare Copies:

In 1918 Mr. Turing suggested to the Board of Revenue the lines on which he proposed to recommend suspension of revenue in the ~~three~~ then affected taluks of this District, and solicited Board's instructions whether he might ~~xxx~~ propose suspension of revenue in villages where the average outturn of the crops in a village was four annas and less. The Board approved his suggestions and in its Reference No. 2068 dated 18-12-18 requested him to submit detailed proposals for the suspension of kists to next Fasli. In pursuance of these instructions of Mr. Turing the Revenue Divisional Officers and Tahsildars submitted their proposals for suspension of land revenue in Fasli 1328. These proposals were approved by the Board in its Reference No. 165 dated 3-3-19 and by Government in their Order No. 310 Misc., dated 10-3-19- When Mr. Roscardi was the Collector he followed the same procedure outlined by Mr. Turing and recommended suspension of revenue in villages where the outturn was 4 annas and less. The Board also supported that recommendation of the Collector and submitted the proposals in its Reference No. 286/21-1 dated 1-3-21 for sanction of Government. The Govt. sanctioned them in G.O.No. 623 Misc., dated 12-3-21. In 1923 Mr. Duff followed the same procedure in submitting the suspension proposals for this District and the Board

N 80 (Z)

N 4 | 2 (U)

N 22-23 (U)

the Board and Government sanctioned his proposals. Please see Board's Reference No. 507/23-1 dated 19-2-23 and G.O.No. Misc., 459 dated 20-3-23.

2. The procedure adopted by my subordinates this year is not at all a new one, and has been in vogue for several years past, having been adopted by successive Collectors with the approval of Board and Government. For what reasons the Board and Government accepted these proposals year after year, in view of G.O. 14 I am unable to say, but the fact is this has created a precedent this year again my subordinate officers have worked out their proposals on the same lines and these proposals have again been accepted by both the Board and Government. I recommended the suspension of revenue in villages where the outturn was worked out to be 4 annas and less. The ten villages specified in Mr. Siva Rao's letter were not recommended for suspension as the average outturn in these villages was above 4 annas and less than 6 annas. and this fact was incidentally but not with special prominence brought to the notice of the Famine Commissioner, when he visited the district recently. The Tahsildar of Bellary has commenced the collection of the first kist in these ten villages which is already fallen due, but he reports that there is difficulty in collecting the land revenue. Probabaly owing to the fact that several other neighbouring villages (whose outturn however was 4 annas and less) have been shown the concession, while they alone have been deprived of it.

3. Considering the situation of these villages and their intercommunication with the other villages of the taluk and the comparatively poor yield of crops, I think on reconsideration that all these ten villages may be shown the same concession as all the other villages of the taluk except (five inam villages). The letter c

on Mr. Siva Rao is enclosed.

pp 8-10/ H 1090/27 Coll ~~x~~ of Bellary.

Please see the Coll's letter at pp 8-10 cf.
2/. The Coll ~~x~~ recommends postponement
to the next fasli of all the 3 kists and
cesses in 281 villages of Hospet, Rayadrug
Bellary, Alur and Adoni talukas. The
amounts to be suspended are as follow:

	Talukas	No of villages	Land Revenue Rs as ps	Cesses Rs as ps
1	Hospet	11	8,147 - 12 - 0	763 - 13 - 0
2	Rayadrug	42	14,478 - 0 - 0	8,858 - 0 - 0
3	Bellary	135	2,92,457 - 3 - 0	31,788 - 7 - 0
4	Alur	61	1,79,014 - 0 - 0	19,349 - 7 - 0
5	Adoni	38	93,793 - 0 - 0	9,281 - 14 - 0
		Total	6,67,889 - 15 - 0	70,041 - 11 - 0

The collector states that he has made
personal inspection of the affected tract
and that the outturns in all the villages
are 4 annas and less. Details of the
outturn for each village have not been
given. For orders whether the Board may
support the Collector's proposal.

3/. The collector also recommends

suspension of the collection of quit rent
~ minor inams in 14 villages of the Alur
taluk to the next fasli as the ryots are
unable to pay even this. The total amount
to be suspended is Rs 5,156-7-0. The Coll ✓
does not say whether the quit rent is
equal to or more or less than the full
assessment in these cases - Vide
para 6 of G.O. No 14. May this
point also be supported?

From the wording used I would say he means it is less than full assessment & that they are unable to pay even that. The reason is apparent.

4/. The Coll ✓ further proposes that
a remission list in 7 villages of the
Alur taluk and one village of the
Adoni taluk may be postponed to
fasli 1927 so that half the revenue
may be collected in March and the
other half in April when the harvest
of the Hingani (Winter) crops will be over.
The Board may sanction this postponement
as the case is a deserving one.

As in the case of Mantapur I have on record my opinion that unless the season in fasli 1337 is quite satisfactory & the arrears can be paid without any hardship the suspended amounts should be remitted & not kept hanging over the ryots' heads.

p 26 B S O Vol I

B. S. O. No 14 (5) (ii) lays down that remission of assessment may be granted when the yield is ~~markedly~~ below one-half of an average yield i.e. when the outturn is ~~4 annas~~ or below 6 annas. Though this ruling is based upon outturns it has not been the practice to go upon the estimated outturns alone. The general economic condition of the tract is also taken into consideration when granting relief. Postponement of Kists is usually recommended when the yield is between $\frac{1}{3}$ and $\frac{1}{6}$ of an average yield when the outturn is between 4 annas & 2 annas.

As for the villages which Mr SivaRao

refers to, the Collector on reconsideration recommends postponement of collection in the reasons stated in the concluding paragraph of his letter. The Board may support the Collector's recommendation. P 7 C/f. P 17 C/f.

The Coll^r may be asked to report the amount involved in the present proposal
